ABOUT ME

As a UX/UI designer, I focus on prioritizing the user. In my previous roles, I successfully contributed to development and implementation, with a dedication to creating solutions and designs that are truly centered around the user's needs. Currently based in Belgrade, Serbia, I am authorized by the Administration of foreigners to work in the country.

UX/UI EXPERIENCE

Freelance – Mental Health Support | 2024 - 2025

Hired by two Serbian companies, **Centar za unapređivanje i zaštitu psihičkog zdravlja** and **Agencija za bezbednost saobraćaja**, to design a website supporting individuals seeking mental health assistance after traffic accidents.

Key Contributions:

- Focused on accessibility and responsiveness.
- Highlighted key features like helpline visibility.
- Used calming color palettes to foster emotional comfort.

Achievements:

- Designed a user-friendly platform offering quick mental health and helpline access for individuals in crisis.

Freelance – Itravel | 2024

Hired by **ITravel** to design a website for their European branch, focused on travelers visiting European destinations.

Key Contributions:

- Developed seamless navigation for better usability.
- Enhanced functionality through thorough usability testing.

Achievements:

- Delivered a website that resulted in increased sales and higher user satisfaction.

Freelance – cqwens | 2024

Hired to design a website for **Cqwens**, a startup company.

Key Contributions:

- Designed UX/UI prioritizing usability and aesthetics.
- Prototyped and refined interactions through usability testing.
- Incorporated feedback for continuous improvement.

Achievements:

- Delivered a responsive website with a 98% satisfaction score in usability testing.
